

AMENDED IN ASSEMBLY JULY 14, 2003

AMENDED IN SENATE APRIL 30, 2003

SENATE BILL

No. 223

Introduced by Senator Margett

February 13, 2003

~~An act to repeal and add Section 4600.1 of the Labor Code, An act relating to workers' compensation.~~

LEGISLATIVE COUNSEL'S DIGEST

SB 223, as amended, Margett. ~~Workers' compensation: generic drugs.~~

Existing law provides that an injury of an employee arising out of and in the course of employment is generally compensable through the workers' compensation system.

This bill would state the intent of the Legislature to improve the workers' compensation system by promoting the efficient delivery of high quality appropriate medical care.

~~Existing law requires a pharmacy that provides medicines and medical supplies that are required to cure or relieve effects of an injury covered by workers' compensation to provide the generic drug equivalent, if available, unless the prescribing physician provides otherwise in writing.~~

~~This bill would instead provide that this requirement applies to any person or entity that dispenses medicines and medical supplies to a worker to cure or relieve the effects of an injury covered by workers' compensation, but would specify that compliance with this provision is not required under specified circumstances.~~

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.
